Credicorp Flex director note: Professional Fees

By CM Beyer Commercial Research Desk - Commercial research editor - Updated 11 July 2026

A sourced director note for directors weighing Credicorp Flex against cash reserves, supplier terms and the wider Credicorp product family.

Professional fees can bunch around filing, tax, contract or compliance deadlines. Treat the borrowing as a job to be done, not as extra revenue.

Credicorp Flex belongs in the comparison when professional fees creates repeated short gaps that should be drawn and repaid in cycles. Compare the pounds repaid against the cost of waiting, delaying the supplier or missing the trade.

Keep the adviser paid where the work protects the company record or unlocks a contract. The citations make the route auditable without copying source text.

For Credicorp Flex, the discipline is to draw for short needs and repay when receipts land, not to treat the limit as extra revenue.
